SUBJECT: Offender Death (Pending Autopsy)

**PERSON (S)
INVOLVED:**

Offender Alvarado, Daniel # 1517660

Offender Alvarado was a (44) forty-four year old Hispanic male, assigned to the Texas Department of Criminal Justice – Correctional Institutional Division for one count of Aggravated Sexual Assault, and one count of Indecency with a Child. He was serving (2) two, (20) twenty year sentences concurrently from Victoria County. At the time of this incident, Offender Alvarado was assigned to P-202 a G-2 custody housing on the George Beto Unit.

SUMMARY:

On August 20, 2011 at 10:28 hours Offender Alvarado, Daniel # 1517660 a 44 year old Hispanic male was pronounced deceased at the Palestine Regional Medical Center Emergency Room with the cause of death initially listed cardiac arrest pending autopsy.

On 08/20/11 at approximately 09:20 hours Officer Gwendolyn Mason CO 3 who was assigned to M-wing was conducting a cross count for P-wing, during the count process she observed Offender Alvarado, Daniel # 1517660 laying on top bunk in P-202 cell. Officer Mason called out to the offender to ensure she was counting an offender, but he did not respond. Officer Mason then hit the bunk in an effort to wake him up, but he still did not respond. Officer Mason then initiated ICS by going down to one row to notify the CCO, Officer Gwendolyn Crist CO 3 who called for a supervisor and medical staff to respond to P-wing due to the offender being unresponsive.

Incident Number: I-11924-08-11

Upon the arrival of sufficient staff the cell door opened then Officer Mason along with Nurse Huff RN entered the cell. Nurse Huff conducted a vital sign check and she noted no vital signs so she instructed staff to assist in placing the offender on a back board and lower him to the floor of the cell where CPR was started with Nurse Walton giving rescue breaths with the Ambu bag as the AED was connected. The AED did not list any heart rate, but it did not indicate any shocks. Offender Alvarado was then carried on the backboard down to a waiting gurney and escorted to the Beto Emergency Room with CPR continuing during the transport. Upon his arrival at the unit infirmary the medical staff took over the life saving measures with the assistance of security staff to do compressions. The offender's temperature was taken and it was 105 degrees so the medical staff began treating Offender Alvarado for heat related illness along with CPR. Upon the arrival of the ambulance the EMT's took over treatment with the assistance of unit staff as they changed to their equipment. Offender Alvarado was then transported to Palestine Regional Medical Center emergency room.

Upon his arrival at the PRMC emergency room he was treated by the ER staff under the direction of Dr. R. Wagner. At 10:28 hours Dr. Wagner instructed his staff to stop all life saving measures and he pronounced Offender Alvarado deceased with the initial cause of death being listed as cardiac arrest pending autopsy. The emergency room staff contacted Judge Carl Davis, the Justice of the Peace on call due to the need for a autopsy.

At the time of the initial discovery of the unresponsive offender Lt. Culpepper began notifying the pertinent listed below:

Unit Duty Warden	B. Gordy	09:30 hours
O.I.G. Investigator	S. Warren	09:53 hours
Senior Warden	K. Scott	09:54 hours
Regional Director	R. Eason	09:55 hours
Use of Force	P. McClendon	10:00 hours

Sgt. Kennedy was present in the emergency room and he notified Lt. Culpepper that the offender was deceased. Lt. Culpepper who had previously notified unit administration of the initial incident began notifying them of the death of Offender Alvarado. Upon the arrival of Officer McClendon at the unit he notified the Carnes Funeral Home at 12:15 hours and they stated that they would dispatch a van.

At 11:28 hours Chaplain Kiser made contact with the next of kin, Santos Alvarado (brother) and informed him of the death. Mr. Alvarado stated that the family would claim the body and he was informed on the steps to take. He was also informed that an autopsy would be conducted due to the unknown cause of death.

Incident Number: I-11924-08-11

Investigator Warren from the Office of the Inspector General had been notified and upon her arrival at the hospital she started her investigation. Judge Davis also arrived at the hospital and started his inquest into the death. Judge Davis listed the time of death on his documentation as 10:29 hours and he ordered an autopsy. Judge Davis completed his documentation for the autopsy and transport of the body then he left the hospital. When she completed at the hospital Investigator Warren proceeded to the unit.

At 13:10 hours Officer McClendon contacted E.A.C. and obtained incident number I-11924-08-11 and an E-mail detailing the incident was sent.

During the investigation of this incident the offender's temperature was checked with a reading of 105 degrees at approximately 09:40 hours. The high temperature prompted the medical staff to incorporate treatment for possible heat related injury in the protocol. It should be noted that the unit cell block temperature was 93 degrees on (3) three row, and 91 degrees on (1) one and (2) two row at 09:35 hours on the date of this incident.

Following the incident Officer Brittany Williams CO 3 was interviewed about the offender's actions since she was assigned to the housing area for this date. Officer Williams stated that she relieved third shift and conducted her initial count Offender Alvarado was up and moving around in his cell. Officer Williams stated that during her counts and regular rounds she observed Offender Alvarado was conscious and asleep from time to time. Officer Williams stated that when she left the wing to change wings for their regular cross wing counts with Officer Mason she was pretty sure that the offender was asleep in the top bunk. Upon the review of the on-wing video cameras Officer Williams did not make regular rounds after her initial count of the wing and the regular wing activities. Officer Williams is being charged with a violation of Level 2, Code 20 failure to follow posted rules, policies, and procedures. At the time of this letter the disciplinary process has not been completed.

Officer Gwendolyn Mason CO 3 was also interviewed and she stated that she changed wings with Officer Williams for the cross count and when she got to P-202 cell the offender was laying on the top bunk and she did not see him moving so she called out to him to respond. Officer Mason then stated that she then hit the bunk in an effort to wake the offender and prove that it was a living breathing person. Officer Mason stated that due to the current emphasis on handling unresponsive offenders she immediately initiated ICS by going down to one row to tell Officer Crist the CCO to call for a supervisor and medical staff. Officer Crist stated that she went back to the cell and continued to try to wake the offender until medical and additional staff arrived and entered the cell. .

At 16:35 hours staff from the Carnes Funeral Home arrived at the PRMC to pick up the body. Once all the documentation was completed the funeral home staff left the hospital at 16:50 hours in route to UTMB in Galveston for the autopsy.

Incident Number: I-11924-08-11

Following the incident all of the staff involved was offered CRSIP, none requested any assistance, but all were informed that the CRISP staff was available if they needed any assistance.

At the time of this letter the results from the autopsy have not been released so no official cause of death has been given.

On 08/20/2011 at approximately 0930 hrs I responded to a call from Captain G. Ennis to respond to an ICS call on P- wing. While in route to P- wing I met Captain Ennis and medical staff transporting Offender Alverado to the Unit Infirmary. I was ordered by Captain Ennis to secure cell P-202 cell as a crime scene. I went to the cell and waited for a chain and lock and then secured the cell. I maintained possession of the key until relieved by 2nd Shift, Lieutenant R. Hazelwood. After securing the cell I reported to the infirmary and began a time line. Warden Gordy (Duty Warden) was present so notification was not needed. All appropriate notifications were made at this time to include Mr. R. Eason, Warden Scott and OIG Investigator Warren. I continued to monitor the time line and assisted medical staff during the CPR process. At approximately 1000 hrs I left the area.

At approximately 1030 hrs I received a call from Sergeant Kennedy indicating that Dr Wagner had ordered staff to stop all life saving measures. I then notified unit administration.

All relevant documentation was provided to Officer McClendon for reporting purposes. I then returned to other duties.

On August 20, 2011, I Officer Williams conducted a security check at approximately 6:45 this morning after relieving 3rd shift. Offender Alvarado, Daniel # 1517660 was up and moving. I then left the wing at 07:00 hours to drop showers in the picket. When I returned to the wing I conducted the security check after dropping M and N wing. I left the wing to do house calls in the picket, and I came back to drop my wing for lay ins, and dayroom. After I did my in for count, I began counting and I counted Offender Alvarado in his house and he appeared to be lying on the top bunk asleep. After counting 1, 2, and 3 rows I left the wing to cross count N-Wing, as I finished the count. I was notified that Officer Mason found the Offender Alvarado unresponsive in P-202, and she called for ICS and additional staff and medical. Please note that on this date we were short in staff, and we didn't have any officers inside the pickets. I did my best to help out my co-workers to get everything done on schedule.

August 20, 2011

Kelvin Scott Senior Warden
George Beto Unit

Mr. Santos Alvarado
526 Matson Rd.
Port Lavaca, TX 77979

Dear Mr. Alvarado,

On behalf of Warden Scott, myself, and the staff of the Texas Department of Criminal Justice, may I extend to you and your family our heartfelt sympathy in this hour of loss?

As mentioned in our phone conversation, Daniel passed away at approximately 1028 am, Saturday August 20, 2011 at Palestine Regional Medical Center in Palestine, TX. The cause of death was cardiac arrest pending the autopsy results.

This type of loss is never easy. Being separated by the miles and incarceration make it more difficult. May you and your family find comfort and peace in our Lord's promise "I am with you always" as you adjust to this loss. Please know that you and your family are in our hearts and prayers in this time of sorrow.

Sincerely,

Charles Kiser
Chaplain
